

**On the occasion of IRISLink 2010, I.R.I.S.' annual convention, I.R.I.S.
 rewarded 10 customers for their outstanding achievements in
 Intelligent Document Capture,
 Enterprise Content Management and
 Complex IT infrastructure**

Louvain-la-Neuve (Belgium), February 9th, 2010 - The stock exchange listed company I.R.I.S., (EURONEXT Brussels: IRI), specialized in Intelligent Document Recognition (IDR¹), Enterprise Content Management (ECM²) and Optimized IT Infrastructure (ICT³), is pleased to announce that, on the occasion of IRISLink 2010, I.R.I.S. called on stage 10 of its most important customers to thank them for the exceptional work accomplished together with I.R.I.S.

For more than 10 years, I.R.I.S. gathers all its customers and business partners once a year on the occasion of IRISLink. This year, the success of IRISLink (more than 800 registrations) confirmed its position as one of the most important and renown IT events in the document capture, document management and data storage area. IRISLink is one single day event and offers a main keynote by the company's CEO's Pierre De Muelenaere and Etienne Van de Kerckhove. Next to this plenary session, 40 conferences and live demonstrations on 37 booths give the opportunity to the visitors to collect all the information they need for their professional activities, to learn more about the market trends, to discover the latest technologies of I.R.I.S. and its partners and to develop their professional network.

"These factors make IRISLink the perfect time and place to recognize the success of the most important and relevant projects" points out Pierre De Muelenaere, President & CEO of I.R.I.S. *"Often, the projects envisaged by these awards are following new trends or even leading the way in domains or sectors where no similar projects have been rolled out"* adds Etienne Van de Kerckhove, CEO of the I.R.I.S. Group. All this adds to the importance of the awards. This year, 10 customers have been selected in the different I.R.I.S.' fields:

AWARD 1	Largest I.R.I.S. scanning platform deployment
COMPANY	Imaging Machines Corporation, South Africa
NEEDS	Secure South Africa's 2009 election procedures
SOLUTION	400 scanning stations running IRIS Powerscan for the recognition of the results slips
BENEFITS	Final results announced after 48 hours, one day before the expected deadline
